PREFACE.

The substantial growth of Cincinnati, is indicated by the Annual increase of names and business matter in its City Directory. The present issue, the ninth volume of the series, will be found to contain about ten per cent. more names, while the Business Mirror reflects a corresponding addition of firms in every branch of Mercantile, Manufacturing and Professional pursuits.

While the depression of business at the time of our last issue caused a curtailment of our subscription list, it is gratifying to us to state and will doubtless please all others interested, to learn that the present volume will go into the hands of a much greater number of subscribers than any that has preceded it, another evidence of the elasticity of our business men and of the revival of trade and commerce.

In this number our regular subscribers will notice several valuable improvements in matter and arrangement, and we take pleasure in presenting them with a new and carefully executed Map of Cincinnati and its growing suburbs, including our sister cities of Covington and Newport and the village of Jamestown, all of which are essentially part and parcel of Cincinnati. This map was drawn by Messrs. Gilbert & Hickenlooper expressly for the City Directory, and will be found to be the most complete and perfect yet issued.

This volume contains also a revised list of the Post Offices in the State of Ohio, a feature that has given great satisfaction. We propose in subsequent issues to give an accurate list of the Post Offices of the Union, arranged by States and Counties, carefully revised up to the date of publication.

While thanking our subscribers for their increased liberality, we regret to be compelled to add a word or two of complaint. We regard it as exceeding strange that our business men, notwithstanding their proverbial tact and shrewdness will permit themselves to be so frequently imposed upon by ephemeral and worthless publications, claiming to be "Business Directories," or what not, gotten up by adventurers without character or permanence and in no instance containing any information that may not be better procured in the pages of our annual issue. In every instance coming under our observation we find the matter of these pseudo *Directories*, to have been boldly filched from the results of our own labor, or at best with the most flimsy disguises to cover the source of the theft. We can substantiate the assertion that in no instance since 1846 has the entire city been canvassed for information of this kind except by the publishers of this work.

A word about complaints and borrowers. With every succeeding issue we approximate more nearly to perfectness in our enumeration of names and localities, but that errors and omissions should not occasionally occur is beyond human control; yet we find at least ninety per cent. of complaints originate in the carelessness or ignorance of complainants. It must be recollected that the orthography of names is almost as various as names themselves—that for instance when we look for *Pearce*, we must not expect to find it among the *Pierce's*, or the *Peirce's*.

Borrowers cause us a great deal of trouble and sometimes loss. Every business man needs a Directory, but the proportion of subscribers to those who should be, is about one to ten; the other ninety of the hundred obtain their information by annoying their paying neighbors. So great has this nuisance become, that some of our patrons have been compelled to discontinue their subscriptions to relieve themselves of the affliction. Our regular subscribers can do much and will doubtless aid us to abate the evil.

We present the Cincinnati Directory for 1859 with the full belief that it is as good if not the very best work of the kind in the United States, and as it is a permanent publication we intend to spare no effort or labor to make it still more worthy its position.

Competition Defied!

HENRY BISHOPRICK. THOS. M. REDHEAD.

Proprietors and Manufacturers of

BISHOPRICK'S

INFALLIBLE BAKING POWDER,

AND WHOLESALE DEALERS IN

CREAM TARTAR, BICARB SODA, &c.,

Bishoprick's Infallible Baking Powder is an article unequalled, and which can not be surpassed —defies competition and acknowledges no superior, even in this progressive age; it is well known in the Eastern, Western, and Southern States to be a compound of rare excellence, and is used daily for cooking purposes both in families, Steamboats, boarding houses; to the Western Emigrant indispensible.

GUNDRY'S

Mercantile College

N. W. COR. FIFTH & WALNUT STS.

CINCINNATI, O.

INCORPORATED, 1848.

JOHN GUNDRY, PRINCIPAL.

The oldest Commercial Institution of the kind in the United States.

"This, although a pioneer, may be regarded as a model Institution, and here it should be remarked, that Commercial Law was unknown in Schools of this description, previous to its introduction by Mr. Gundry. It is a new feature, and will contribute, to an essential degree, to elevate the system of Commercial Instruction."—*Hunt's Merchant's Magazine, N. Y.*

☞ The object of this Institution is to impart a Practical and Comprehensive Business Education, and it is believed, affords facilities for obtaining the Practice of the Counting Room, and Commercial Science generally, not to be found in any similar establishment in the City.

In addition to the usual Branches taught—Book-Keeping, Penmanship, &c., the Course embraces regular Commercial Lectures, including Mercantile Law, Political Economy, and other important subjects.

These Lectures are alone worth the Tuition Fee, and are advantages not afforded at similar Institutions in the City, of the greatest pretentions.

TERMS, for Full Course, $40.

JNO. GUNDRY, Prin.

COMMERCIAL EDUCATION IS ESSENTIAL TO ALL.

Commerce is the act of exchanging one commodity for another, and all ralations growing out of the act of exchange are commercial or business relations ; and as every man, be his employment Agricultural, Mechanical or Professional, is engaged in exchange, in buying and selling, he is to a certain extent a business or commercial man ; and as success in the various pursuits of life depends upon knowledge, it follows that success in the business department must depend upon business knowledge ; therefore, a Business Education is essential to the Farmer, Mechanic, Manufacturer and Professional man. But there is a class called Merchants, whose legitimate calling is Commerce, who are wholly engaged in exchange, in buying and selling, who stand between the different producers, or producers and consumers. If, then, success depends upon knowledge, how essential must it be for the merchant to be thoroughly educated in all matters pertaining to his calling ; and may not the frequent mercantile failures be traced, in most cases, to a want of a proper Commercial Education. The object of this Institution is to prepare young men for a successful discharge of the practic al or business duties of life.

GUNDRY'S

SYSTEM OF

INSTRUCTION IN BOOK KEEPING,

SECURED BY COPY RIGHT.

By which is guaranteed greater Progress to the Student than can be obtained elsewhere.

SOUTHERN DISTRICT OF OHIO, TO WIT :
DISTRICT CLERK'S OFFICE.

BE IT REMEMBERED, That on the 28th day of September, Anno Domini eighteen hundred and fifty-eight, JOHN GUNDRY of the said District, has deposited in this office the Title of a Book, the title of which is in the words following, to wit :

Double Entry Book-Keeping, a new and original series of Elementary Exercises in Journalising, &c., by John Gundry for use of Gundry's Mercantile College, Cincinnati September 18th, 1858, the right whereof he claims as proprietor in conformity with an act of Congress, entitled "An act to amend the several acts respecting Copy-Rights."

WM. MINER,
CLERK OF THE DISTRICT.

COURSE OF INSTRUCTION.

BOOK-KEEPING BY DOUBLE ENTRY,

as applied to every department of Trade, viz : Wholesale, Retail, Individual, Partnership, Commission, Steamboat, Railroad, Banking, Compound, Company, Business, &c., being taught on a new and original plan, arranged by the Principal, and which will be found by competent judges far superior to anything in Printed Books or Manuscript Systems in use in similar Institutions, thus while it imparts a more profound knowledge of the subject than other methods, it at the same time secures much unnecessary time and labor to the student—*PENMANSHIP, CALCULATIONS, CORRESPONDENCE, together with a regular course of MERCANTILE LECTURES of the first importance to the Business Student, including Commercial Law, Political Economy, &c.

TERMS—For full Course of Commercial Studies, Forty Dollars, which may be completed in from eight to twelve weeks—payable in advance.

For thirty lessons in Penmanship, $6 00. For three months instruction, $10 00.

Board may be obtained at from $2 50 to $3 50 per week.

JNO. GUNDRY, Principal.

*A good Business Hand Writing—such as is applicable to the practical affairs of of life, can only be acquired by time and perseverence, and all pretensions in imparting skill in this art in a few *easy lessons* by a stiff, formal hand, is mere quackery and humbuggery, and those who are led by these claims will find they have thrown away both time and money. The mental processes and discipline by which excellence is attained, is essentially the same in every art, and how absurd it is to suppose, that, what experience has shown can be accomplished only by months of labor under the best of Masters, may become the pastime of only *a few hours.*

This work is issued annually from the Directory Office, 194 Walnut Street, and is, emphatically, A BOOK FOR EVERY CITIZEN AND CITY VISITOR. It is sold at 15 cents, and at that price is unquestionably THE CHEAPEST GUIDE AND DIRECTORY EVER PUBLISHED. THE LARGEST STEAM POWER BILLIARD TABLE MANUFACTORY

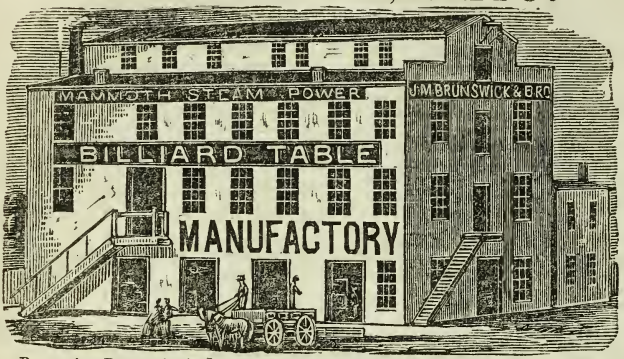
IN THE UNITED STATES.

J. M. BRUNSWICK & BRO.,

PROPRIETORS.

CINCINNATI, OHIO.



Remember Brunswick's Improved Model Billiard Tables, and Patent Combination Cushions, protected by Letters Patent dated Dec. 8th, 1857. This is the only true Patent Combination Cushion now in existence, and pronounced to be the best in the world for its excellence in speed and truth of angles. The merit of the recent improvement in the manufacture of these Tables is highly appreciated by all scientific Billiard players, and preferred to any other Billiard Tables now in use.

Parties wishing to open Club or Billiard Rooms will do well to address or call on J. M. Brunswick & Brother, at their office and Sales-rooms, No. 8 Sixth Street, opposite the Galt House. Factory, North East corner Elm and Canal Streets, Cincinnati, Ohio. They also keep on hand a well selected stock of Billiard Tables of every description, Cue Leathers, Chalk, Billiard Balls, Cloths, Pockets, Cues, &c., &c., which can be had under better advantage than elsewhere.

☞ Old Biliard Tables re-cushioned under their latest Patent, at the shortest notice. Their Tables are in use at all the principal Biliard Saloons throughout the country, among them we name the Buckeye Billiard Saloon. Cincinnati, 16 Tables; International Billiard Saloon, Cincinnati, O., 10 Tables; Marble Hall Billiard Saloon, Cincinnati, O., 16 Tables; Apollo Hall Billiard Saloon, Cincinnati, O., 6 Tables; Billings' Billiard Saloon, St. Louis, Mo., 10 Tables; St. Charles and Marble Hall Billiard Saloon, New Orleans, La., 18 Tables; notwithstanding numerous others too tedious too mention.

The Board consists of seven members, four of whom constitute a quorum at any regular or called meeting.

The regular meetings are held at the office of the Public Schools, Mechanics' Institute Building, south-west corner of Sixth and Vine streets, on the first Thursday of each month, except July and August, at 4½ o'clock P. M. Extra meetings may be called by any three members of the Board, who, in signing the call for such a meeting are understood as pledging themselves to attend it.

The Board grants five grades of certificates, denominated respectively, "Male Principal's Certificate," "Female Principal's Certificate," "Male Assistant's Certificate," "Female Assistants's Certificate," and "Primary Certificate."

Candidates for "Male Principal's Certificate" are examined in Spelling and Definitions, Reading, English Grammar, Geography, American History, Mental Arithmetic, Written Arithmetic, Algebra, Theory and Practice of Teaching, Natural Philosophy, Constitution of the United States, Ancient and Modern History, Anatomy and Physiology, Chemistry, Astronomy, Geometry, Plane Trigonometry and Mensuration, and Penmanship.

Candidates for "Male Assistant's Certificate" are examined in Spelling and Definitions, Reading, English Grammar, Geography, American History, Mental Arithmetic, Written Arithmetic. Algebra, Theory and Practice of Teaching, Natural Philosophy, Constitution of the United States and Penmanship.

Candidates for "Female Principal's Certificate" are examined in Spelling and Definitions, Reading, English Grammar, Geography, American History, Mental Arithmetic, Written Arithmetic, Algebra, Theory and Practice of Teaching, Natural Philosophy, Constitution of the United States, Ancient and Modern History, Anatomy and Physiology, Chemisty, Astronomy, and Penmanship.

Candidates for "Female Assistant's Certificate" are examined in Spelling and Definitions, Reading, English Grammar, Geography, American History, Mental Arithmetic, Written Arithmetic, Algebra, Theory and Practice of Teaching, and Penmanship.

Candidates for a "Primary Certificate" are examined in Spelling and Definitions, Reading, English Grammar, Geography, Mental Arithmetic, Written Arithmetic, and Penmanship.

The number opposite to each Branch, in the column on the right of the list of studies on the Certificates issued, measures the result of the examination, three being the maximum. Less than two, in either English Grammar, Geography, Mental Arithmetic or Written Arithmetic, is a failure. Unless the Spelling is perfect, it is marked 0.

In the "Primary Certificate," special attention is given to Reading. The examination in Geography is Chiefly confined to the United States, and that in Arithmetic does not extend beyond fractions and compound numbers. These Certificates are not valid more than six months after their date, unless renewed by the Board of Examiners, upon good evidence being given of a high degree of qualification to govern and instruct pupils below the above-mentioned grade. This Certificate is only issued to females, and the holders thereof are prohibited from giving instruction in any grade of pupils higher than the fourth.

A specimen of the handwriting, with a record of the character of the examination of each individual, is preserved in a volume for the use of the Board of Trustees and Visitors.

Candidates must leave with the Clerk of the Board, at least three days before the monthly meeting, a certificate of good moral character, and a written statement of the grade of certificate sought, together with a declaration that they are eighteen years of age (or seventeen, if graduates from the High Schools, or with similar attainments,) and that they design to teach in the Public Schools of Cincinnati, if found qualified. Candidates are requested to leave their address, and a statement of any experience they may have had in teaching.

Candidates shall be examined in the absence of all spectators, save the Trustees and Visitors of the Public Schools.

Candidates shall not be examined who are not present punctually at the appointed hour. None shall be admitted to a second examination for the same grade of Certificate, or have one already granted improved, till after the expiration of six months.

House of Refuge.

Benevolent Institutions.

Cincinnati House of Refuge, e. side of Cumminsville Road, about ¾ mile north of the Corporation line.

Among the charitable and reformatory institutions of the city, none should hold a higher place in the estimation of citizens than the House of Refuge; for no one of them is better adapted to secure its future happiness and prosperity. The building up and supporting a place where the thousands of vagrant boys and girls, who rove about the streets, the future pests and criminals of society—can be taken, educated morally and intellectually, and trained to habits of industry, is a noble object.

Street Directory.

The Street Directory is simply an alphabetica arrangement of the Streets, Alleys, &c., with a sufficient portion of the corner numbers attached to each, to make it a means by which citizens may become familiar with the system of numbering, and it will be found by them, as well as strangers, to be a practica lguide, to the different parts of the city, as far as it has yet been numbered.

EXPLANATIONS.—On all streets commencing at and running directly from the river, the odd numbers are on the West, and the even on the East side of the street, commencing at the river. On all streets crossing Main, the odd numbers are on the South, and the even on the North side of the street, commencing at and running East and West from Main, thus dividing each into two distinct streets, distinguished by prefixing East and West to the name. A few instances occur where two streets have the same name—generally one of them in the suburbs, not numbered. A * is affixed to the one at present of the least consequence, to designate it.

It was thought unnecessary to give the corner numbers on both sides, where streets crossed. The old ones are used in all cases, except where they (without crossing) proceed from or come to the one upon which the numbers are designated.

Letters uncalled for are advertised but *once*—on the Monday subsequent to their arrival at the office; German letters three times a week.

Persons applying for advertised letters should state that they are such, giving DATE and number of list.

All letters remaining in the office over three months are returned to the dead letter office at Washington, where they are examined; if containing any thing of value are returned to the writer at the office at which they were originally mailed.

Letters to be registered must be brought to the office by 5 P. M.

Letters for Great Britain, Germany, &c., may be register-on the payment of 5 cents in addition to the postage.

In applying at the office for letters, care should be taken to apply at the proper windows, thus avoiding unnecessary trouble and often misunderstanding.

The Box delivery is in the Main Hall of the Post-Office Building. For the accommodation of those having Lock Boxes the Main Hall is open until 10 o'clock, P. M., and on Sundays till 12 M. The Box Delivery is closed from 9 to 10 A. M., for the distribution of the Eastern mail, and the General Delivery on Saturdays from 3 to 4 o'clock, P. M, to prepare the Letter List.

The Letter list is published every Sunday morning in the "Daily Enquirer."

The General delivery is in the west side of the Building.

Ladies Boxes and delivery between the Main Hall and General Delivery.

Gentlemen applying for ladies' letters should ask at the first window in the General Delivery, no one but females are waited on at the ladies' window.

All complaints, of whatever nature, should be made to the Postmaster or his Assistant. No controversy should be held with the clerks.

Post Offices.

This list of Post Offices in the State of Ohio, has been carefully prepared from the latest information. Citizens generally, and others who consult the Directory, will find it a useful appendage,and as Post Masters are generally business men, and such as, when properly applied to, are capable of, and will, freely furnish much commercial or other information relative to their respective Districts, it will contrbute materially to the facilities of Merchants, Manufacturers and others in distributing their circulars, catalogues of Merchandize, etc.

Post Masters names are purposely omitted, as the changes are so frequent and numerous that it would be almost impossible to give anything like a correct list. The names of Post Offices are arranged alphabetically, with the name of the County in which they are located at tached to each which is amply sufficient as a direction.

NEWTON'S CLINICAL INSTITUTE,

No. 297 Sixth Street, Cincincinnati, Ohio.

This is one of the most spacious and pleasant buildings in the city, furnished in the most modern style, with bells, gas, hot and cold water; with bath-rooms with cold and warm water. Persons while remaining here, can have every attention paid, in the rooms, or otherwise, that may be desired, The fine, airy location, with the above advantages, can not fail to render this one of the most desirable homes for the afflicted to be found in the country; and in large cities this is quite difficult to obtain. We feel assured, in making the above announcement, that the afflicted will duly appreciate the efforts which have been made to build up in this city one of the most extensive and convenient institutions for the benefit of the sick, that can be found in the United States; and all such as visit Cincinnati, to be treated by the proprietor, may rely upon every attention they may wish during their sickness. Here persons from home, and persons who wish to visit the city for medical purposes, and wish to be perfectly private, are provided for.

Many times persons wish to absent themselves for a few days or weeks, and remain where they can be entirely secluded from the cares of business and friends, all such can be fully accommodated in this particular.

Extensive experience warrants him in saying, that he knows that he can and will give satisfaction to all who may visit the Institution for medical advice or treatment. Here is a home, and at the same time a perfect private retreat, for all who desire.

He does not confine himself to the treatment of any exclusive disease, but will attend to all persons who call for medical aid.

Boarding price is from Five to Seven Dollars a week. The medical charges will be governed by the extent of the operation, or the time necessary to effect a cure. Patients arriving in the city, will call at the Clinical Institute.
